

Teaching Parenting the Positive Discipline Way

An online LIVE Certification Workshop

February 14, 15, 16, 17, 18 * 9am-12pm PDT

Become a Positive Discipline Parent Educator!

Parents need support now more than ever - and research has demonstrated the importance of social and emotional learning on a child's sense of well being. Positive Discipline parenting tools teach valuable social and life skills without using any form of punishment, rewards, praise, permissiveness, and even logical consequences - at least hardly ever.

During this on-line live workshop, participants will:

- Learn research based effective tools and techniques for teaching parents how to use discipline that is kind and firm at the same time (non-punitive non-permissive)
- Learn how to use materials and activities in group settings, parenting classes and individual work with families
- Gain practice with experiential exercises for "getting into the child's world" to understand the "belief behind behavior" in order to motivate sustainable change in behavior and family dynamics

Materials include:

- *Positive Discipline*, the book, written by Jane Nelsen
- The latest version of the *Teaching Parenting the Positive Discipline Way* manual
- *The Positive Discipline Workbook*
- Positive Discipline Tool Cards
