+ Bookstore open until 4:30.

Positive Discipline is a model based on the work of Alfred Adler and Rudolf Dreikurs. The program is designed to teach young people to become responsible, respectful, and resourceful members of their communities. Positive Discipline teaches important social and life skills in a manner that is deeply respectful and encouraging for both children and adults.

Breakout sessions are available for social workers, teachers, school administrators, nurses, parent educators, child care providers, and parents who want to learn more about Positive Discipline.

SPECIAL NEEDS ACCOMMODATIONS:
If you have any special accommodation needs, please contact info@positivediscipline.org

In the event of cancellation, participants will be notified by email. Offers 5 CE hours.

This program is co-sponsored by the North American Society of Adlerian Psychology (NASAP).
Positive Discipline Association has been approved by NBCC as an Approved Continuing Education Provider. ACEP No. 6723. Programs that do not qualify for NBCC credit are clearly identified. Positive Discipline Association is solely responsible for all aspects of the programs.
