What is ICASSI?

ICASSI is a non-profit educational organization with an international mission to promote the study of Individual Psychology as taught by Alfred Adler and Rudolf Dreikurs. In addition to the Rudolf Dreikurs Summer Institute, many ICASSI faculty members support related initiatives throughout the year giving lectures and presentations, helping with training programs and encouraging development of Adlerian associations in various nations. ICASSI and its faculty members also support publication and translation of Dreikurs' original works.

We look forward to seeing everyone next year! If you have questions or need assistance, please contact info@positivediscipline.org.
