More about Positive Discipline in the Classroom

This course not only gives you the skills and preparation you need to be able to successfully bring Positive Discipline into your classroom, it also awards you with the official certification of the Positive Discipline Association, recognized as a mark of excellence in countries around the globe.

AND this course includes the book Positive Discipline in the Classroom, the Tool Cards for Teachers, helpful videos and extensive materials for you to use with your classes.

In short: this is an excellent course to hone your teaching skills and to become certified as a Positive Discipline Educator. AND you get free one-year membership in the PDA, giving you access to yet more resources and assistance.

13 Continuing Education Credit Hours

The Positive Discipline Association has been approved by NBCC as an Approved Continuing Education Provider.

ACEP No. 6723.1

Your trainer

I'm KC Hill, Certified Positive Discipline Trainer.

Connections

- for relationships that matter

Yes, we can, as teachers, create a safe learning space for our children, a space in which they will:

- experiment and learn life skills.
- feel belonging and connection.
- experience themselves as important members of a community.
- develop into self-assured and happy adults.
