Training designed for early childhood educators / teachers / caregivers of children birth - 6 years old

Become a Certified Positive Discipline Early Childhood Educator

This in-person weekend workshop is designed for early childhood educators, childcare professionals, parents and others who work with children birth - 6 years old. Participants will learn to apply the principles and tools of Positive Discipline, an Adlerian research-based philosophy, to working with groups of young children. Participants will earn recognition as a Certified Positive Discipline Early Childhood Educator and will learn to:

- Create a classroom or care setting where children can develop a sense of belonging and significance based on the importance of contribution and mutual respect.
- Understand how young children learn and how to adapt teaching to the needs of this age group.
- Foster essential social and emotional skills to support development and school readiness, and understand behavior and how to guide it in groups of young children.
- Teach the essential skills for developmentally appropriate participation in class meetings.
- Learn Positive Discipline and Adlerian concepts for use in the classroom, preschool community, and with parents.
